**Subject: Spontaneous Application – Seafood Processing Labourer**

Dear Hiring Manager,

I am writing to express my keen interest in joining **Pêcheries LéoMar inc.** as a Seafood Processing Labourer. Your company's reputation for excellence in seafood transformation and its contribution to the region's economic vitality strongly motivate me to be part of your team.

For more than four years, I have worked in food processing, agricultural handling, and light production supervision. These experiences have allowed me to master the preparation, sorting, and packaging of seafood and fruit products while strictly applying HACCP hygiene and safety standards.

Because opportunities to fully express this passion remain limited in my country, I am highly motivated to grow professionally within a structured and innovative company such as yours. I strongly identify with your values of quality, teamwork, and respect for the product.

Dependable, fast-learning, and team-oriented, I am confident that my adaptability and strong work ethic would make me a valuable addition to your production operations.

I would greatly appreciate the opportunity to discuss how my skills could contribute to your company's continued success. I remain available for an interview at your convenience, in person or virtually.

Thank you for considering my application.

Sincerely,

**Cliford Onyebuchi CHIMEZIE**
