abdelilahkouryani@gmail.com | +1 561 543 1033 | Wellington, FL 33414 | linkedin.com/in/KOURYANIabdelilah

PROFESSIONAL SUMMARY

Supply Chain Data Analyst with three years of professional experience in procurement, logistics, and process improvement across international environments in France and the United States. Passionate about Lean Six Sigma methodologies, with hands-on application of DMAIC, 5S, Kaizen, and VSM to drive operational efficiency and waste reduction. Holds dual master's degrees from French and Swiss institutions, with specialized certifications in SAP MM/SD/PP and Lean Six Sigma. Seeking to deepen expertise in continuous improvement and contribute to high-performing supply chain organizations.

CORE COMPETENCIES

Supply Chain & ERP: SAP MM/SD/PP | WMS | MRP | S&OP | Odoo ERP | Demand Planning | Order Fulfillment | 3PL

Procurement: PO Management | RFQ | Vendor Negotiation | Strategic Sourcing | TCO Optimization

Lean & CI: 5S | Kaizen | VSM | DMAIC | KPI Design | SOP Authoring | Gemba Walks

Analytics & Tools: Power BI | Tableau | SQL | Advanced Excel | VBA | Power Query

PROFESSIONAL EXPERIENCE

Process & Lean Management Specialist | LIM Group | Wellington, FL Jan 2026 – Present

- Manage end-to-end logistics in Odoo ERP: inventory control, order fulfillment, PO lifecycle, and shipment tracking across multiple warehouse locations.
- Deploy 5S, VSM, and Kaizen initiatives to reduce waste and compress lead times; facilitate DMAIC root-cause analyses, Gemba walks, and Kaizen events.
- Design KPI dashboards, author SOPs, coordinate vendor onboarding and supplier performance reviews; present CI project ROI to senior leadership.

Supply Chain Data Analyst | IVECO Group | Paris, France Sep 2023 – Oct 2025

- Managed full-cycle spare-parts procurement in SAP ERP (MM/SD/PP): PRs, POs, goods receipts, MRP runs, and safety stock optimization — achieving +4% stock KPI improvement.
- Built Power BI dashboards for S&OP, demand forecasting, and supplier KPIs; automated reporting via Excel VBA/Power Query, reducing manual effort by ~30%.
- Led RFQ analysis, supplier scorecarding, and strategic sourcing to optimize TCO; coordinated cross-border logistics and on-time delivery across European suppliers.
- Collaborated with planning, finance, and warehouse teams to align inventory replenishment with production schedules; reduced stockout incidents through safety stock recalibration.

Logistics Specialist | Fnac | Paris, France Apr 2023 – Sep 2023

- Directed WMS/ERP inventory operations (inbound, putaway, cycle counts, outbound); coordinated 3PL fulfillment and resolved carrier escalations — driving +3% customer satisfaction.
- Conducted root-cause analysis on picking errors and shipping discrepancies; implemented corrective workflows that improved order accuracy and reduced return rates.
- Generated daily reports on stock accuracy, fill rates, and 3PL performance to support management decision-making.

Receptionist | Hotel Montjoie | Conflans-St.-Honorine, France Oct 2022 – Apr 2023

- Welcomed and assisted guests, ensuring a professional and positive first impression in a fast-paced hospitality environment.

- Managed reservations, room occupancy tracking, and booking records using property management systems; processed payments accurately.
- Coordinated daily communication between housekeeping, maintenance, and front desk teams to ensure smooth operations and timely room readiness.
- Handled guest requests, complaints, and escalations with professionalism, demonstrating strong communication and problem-solving skills.

Stock Manager (Internship) | [Decathlon](#) | Morocco

Apr 2019 – Jul 2019

- Supervised goods receiving, cycle counts, and inventory reconciliation; implemented 5S, improving storage efficiency and reducing picking errors.
- Coordinated inbound delivery scheduling with suppliers; reduced stock discrepancies through improved labeling and bin allocation procedures.
