

# MOHAMED AIT BOULMAN

## CERTIFIED HEAVY MACHINERY, TRACTOR & AGRICULTURAL OPERATOR

Khemisset, Morocco | +212 697 698 077 | aytbolmanmouhammed@gmail.com

### PROFESSIONAL SUMMARY

Highly qualified and officially certified Heavy Machinery, Tractor, and Agricultural Operator with specialized training in site safety, first aid, and comprehensive equipment handling (CACES R482). Proven dual expertise in civil engineering machinery and large-scale agricultural operations, combining precision heavy excavation with hands-on experience in arboriculture, farm infrastructure management, and livestock husbandry (bovine and ovine). Strongly focused on strict safety protocols, preventive maintenance, risk prevention, and high-efficiency execution across both construction and diverse farming environments.

### CORE TECHNICAL & SAFETY COMPETENCIES

- **Machinery & Equipment Operation:** Expert handling of civil engineering machinery (Categories A, B1, C1, C2, D) and agricultural tractors with attachments.
- **Arboriculture & Crop Management:** Proficient in orchard maintenance, professional tree pruning (Taille), drip/sprinkler irrigation systems, chemical and organic pest treatment, and optimized harvesting.
- **Livestock Husbandry (Bovine & Ovine):** Comprehensive care of cattle and sheep, including nutrition formulation, health monitoring, strict sanitary hygiene of facilities, and advanced reproduction/birth support.
- **Farm Infrastructure Maintenance:** Skilled in repairing enclosures, maintaining irrigation pipes, and managing farm storage facilities.
- **Preventive Maintenance:** Skilled in executing 1st-level mechanical maintenance on both heavy construction equipment and agricultural machinery.
- **Safety & Emergency Response:** Certified in workplace first aid, accident prevention, risk assessment, and proper PPE utilization.

### AGRICULTURAL & OPERATIONAL EXPERIENCE

#### Agricultural & Machinery Operator

Self-Employed / Freelance | Khemisset, Morocco

- **Tractor & Equipment Operation:** Operated agricultural tractors and attached implements (plows, seeders, sprayers) for soil preparation, tilling, crop treatment, and transporting heavy farm loads safely.
- **Arboriculture & Orchard Management:** Executed precise seasonal pruning, monitored soil moisture, managed irrigation schedules, and applied targeted treatments to protect fruit trees from diseases, maximizing annual crop yield.
- **Livestock Care & Herd Management:** Managed daily feeding, ration formulation, and hydration for herds of cattle (bovins) and sheep (ovins). Monitored livestock behavior to detect early signs of illness.
- **Sanitation & Disease Prevention:** Maintained strict biosecurity and hygiene protocols across stables, barns, and milking areas to ensure animal welfare and prevent infections.
- **Breeding & Neonatal Care:** Assisted in the monitoring of pregnant livestock, managing successful births (mises bas), and providing critical post-natal nutrition and care to calves and lambs.
- **Inventory & Log Management:** Tracked feed supply, medical treatments, and farm outputs, ensuring smooth daily operations.

EQUIPMENT EXPERTISE (CACES R482 & AGRICULTURAL)

| Category     | Equipment Type & Description                                                         |
|--------------|--------------------------------------------------------------------------------------|
| Agricultural | Agricultural Tractors, attached farm implements, trailers, and harvesting machinery. |
| Category A   | Mini-excavators, compact loaders, and small site dumpers.                            |
| Category B1  | Tracked and wheeled excavators (Heavy excavation & earthmoving).                     |
| Category C1  | Backhoe loaders (Tractopelle) and wheel loaders.                                     |
| Category C2  | Bulldozers and heavy crawler tractors.                                               |
| Category D   | Compaction rollers and road rollers.                                                 |

PROFESSIONAL CERTIFICATIONS & TRAINING

- **Certificate of Professional Training: CACES R482** (Categories A, B1, C1, C2, D)  
*PROLEAN Training Center | Period: 04 August 2024 - 25 August 2024*
- **First Aid Certification** (Attestation de Formation: Premiers Secours)  
*PROLEAN Training Center | Date of Delivery: 25 August 2024*
- **General Construction Site Procedures & Initiation Certification** (Initiation aux Procédés Généraux de Construction)  
*PROLEAN Training Center | Date: 25 August 2024*

EDUCATION

- **Primary Education Graduate** — 18 November School

LANGUAGES & COMMUNICATION

- **Arabic:** Native (Mother Tongue)
- **English:** Elementary / Currently learning

**Note:** Written communication via email, WhatsApp, or text messages is highly preferred and appreciated to facilitate smooth operational coordination.
